Tib: would you find for me the fiscal impacts on budget as we fight for the $48 mil Muni Rev Share - how it fits in with our proposed PERSTRS contribution. We'll be asked about it, no doubt, in tomorrow's press conf. We'll be asked if this 48 mil takes the place of a portion of the PERS contribution, or can we afford this IN ADDITION to PERS fix.

In view of the recent discussions at our Juneau staff meetings, I = thought that you would be interested in the attached letter from three = members of the House of Representatives urging their colleagues to = co-sponsor legislation that would reinstate the moratorium on federal oil = and gas leasing in Bristol Bay.

This being a federal issue, we have talked with the Interior = Department and also Royal Dutch Shell and local residents on both sides of = the issue.

In addition, we are watching House consideration to see whether it = presages any patterns of support in voting that could affect other Alaska = energy issues, such as ANWR. More to come.

Thanks for that reminder! In fact, I thot Sharon gave us that neat card and book because Kay won the award. I love the "coincidence" in that. Thanks IV, have a great day.

Governor Palin,

It just struck me that you have your volunteer awards today. Kaye Love is a recipient from Palmer. Sharon just included her book (she writes books for literacy programs) in the Easter card she gave you. I just wanted to give you a heads up because you'll see them both today.

Good luck today!

I was listening to the testimony on SB 125 this morning and Governor Palin's re-appointment to the ARM Board, Larry Semmens, supports the governor's plan for the pers/trs liability. His testimony followed Annette's. Just and FYI.

Thanks for the great event today Annette! That was fun - and it was great to see your husband there too.

Do you know of this issue mentioned in the email below? My brother is asking about someone who lost a contract with the state. Pls see below.

I'll call a few kids and see if they can make it. I won't be at school Monday because I'll be at your Volunteer Awards at the Sheraton.

A guy on my hockey team, Dave Eibeck (who you've met a couple of times because he campaigned for you) told me last night that someone in Dept. of Admin (in charge

of procurement) is playing favorites. He owns Royal Business Systems and they sell and service copiers around the state. He said he lost his Valley contract with the State because they told him he wasn't qualified to work on machines there...even though he works on State machines every where else from Southeast to Fairbanks.

Voice of the Times sounds desperate now. Keep it positive and ignore them.

Did Track like the bike? We are going to Wasilla today.
